If possible, go with fellow students or alumni. Answer the following questions below.

Which meetup did you attend?

100devs

What did you learn?

Most of the people were way further along code-wise than I was, mostly learned about the track to becoming a full-stack dev, how 100dev’s community works and essentially what the steps I would take after PromineoTech

Did you meet anyone new?

I met about 2-3 other people, although we didn’t really form a long-lasting connection through linkedIn etc
