PROMINEO TECH

Front End Technologies Week 7 Coding Assignment

Points possible: 70

Category	Criteria	% of Grade
Functionality	Does the code work?	25
Organization	Is the code clean and organized? Proper use of white space, syntax, and consistency are utilized. Names and comments are concise and clear.	25
Creativity	Student solved the problems presented in the assignment using creativity and out of the box thinking.	25
Completeness	All requirements of the assignment are complete.	25

Instructions: In VS Code, or an IDE of your choice, write the code that accomplishes the objectives listed below. Ensure that the code compiles and runs as directed. Take screenshots of the code and of the running program (make sure to get screenshots of all required functionality) and paste them in this document where instructed below. Create a new repository on GitHub for this week's assignments and push this document, with your project code, to the repository. Add the URL for this week's repository to this document where instructed and submit this document to your instructor when complete.

Coding Steps:

1. Create a website using only HTML. The website can be anything you like (within school guidelines) as long as it meets the following criteria – website must contain:
   a. At least 3 pages
   b. Links to navigate between all pages present on each page
   c. A list
   d. 3 images
   e. 2 different size headers
   f. A table
   g. A form

Screenshots of Code:

```html
1    <!DOCTYPE html>
2    <html lang="en">
3    <head>
4        <meta charset="UTF-8">

Screenshots of Running Application:

Welcome to an "ok" scary game, Dead by Daylight

Here you'll find a list of different spoopy games and movies that have been rated and organized.

Check the links above for:
1. Tier list for killers based on how OP they are
2. Movies and games that the survivors/killers are from
3. My opinion
